For Immediate Release

NAPERVILLE, Ill. – Leading nationwide commercial paint contractor, ISP Painting, organized its first annual community blood drive on the morning of Aug. 24 in conjunction with Heartland Blood Centers. Heartland’s MobileCoach arrived at 7:15 a.m. and accepted donations until 11 a.m. Employees of ISP Painting’s corporate headquarters, as well as members of the local community, were among the participants.

“This event took weeks of planning, but was made easy with the hard work of team leaders and the assistance provided by the Heartland Blood Center Staff. We plan on making this an annual event as we strive to find ways in which we can give back to our community. Giving blood is one small way our employees can give back to the community we serve,” commented Mike Liszka, chief operating officer, who was amazed that his donation alone has the potential to save three lives.

ISP Painting’s Human Resources department partnered with local retailers and business owners to publicize the event, including Oberweis Dairy’s donation of one quart of ice cream for each participant in the drive. ISP hopes to continue growing this blood drive annually, and is pleased with the success of the inaugural event.
